

# NADIA ARKHIPKINA | PROJECT MANAGER

QUALIFICATIONS + MEMBERSHIPS: B.SC (HONS) PROJECT MANAGEMENT IN CONSTRUCTION | AIPM

## UP CLOSE...

*When she's not navigating the twists and turns of a project with aplomb, Nadia finds relaxation in creative hobbies such as embroidery and painting, as well as learning French.*

Nadia is an exceptional communicator and experienced project manager with a deep understanding of what makes a client's brief translate from page to reality.

Transparency and honesty form the foundation of Nadia's approach; she prefers to engage stakeholders at every step of the journey. "Every client should feel like they have 100% of my attention and care," she says.

Nadia's varied background in both project and financial management ensures every detail is thoroughly researched; she remains committed to the project from start to finish, navigating any changing needs with grace and expertise.

What truly motivates Nadia is the end result of each project - bringing joy to students and teachers through thoughtful, intelligent spaces that result in more positive outcomes for school children.

**"There is nothing more rewarding than coming back to completed projects and seeing students and teachers interact with the space and enjoy their new learning environments. Positive feedback from school leadership teams and our clients in the Department of Education is also an indicator of a job well done,"** she says.

*"There is nothing more rewarding than coming back to completed projects and seeing students and teachers interact with the space and enjoy their new learning environments."*
